

Quick reminders

Application assessments

It takes 6 weeks to assess any applications we receive - including any reported changes in circumstances.

Applications are processed in date order.

Your online account

You will not be able to login to your Homeseeker Plus account until we have finalised your assessment (6 weeks) and assigned you a banding.

Medical forms

If you completed the medical form, you can either email or send us any documents to support your application.

This includes information about how your current home is affecting your health.

Housing Associations

All new tenancies, including transfers, will have to pay one months' rent in advance once a Housing Association property has been offered - even if claiming housing benefit.

Finding out more

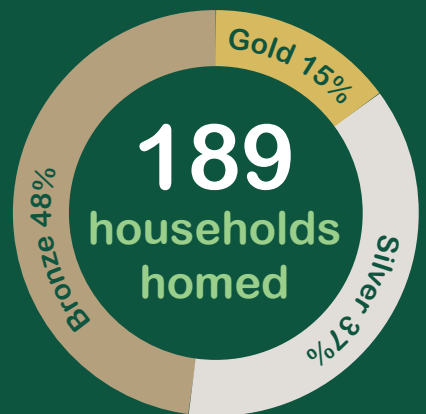

More details about the Homeseeker Plus scheme, including banding and bidding information, can be found on the 'help section' of the website:

www.homeseekerplus.co.uk
